***Bright Silver Plating Solution Promo***

*Technology Without Limits Inc. would like to announce the release of the newest generation of bright silver plating solution*

***Bright Silver.999***

- *The whitest & brightest ready to use silver plating solution in the market place.*
- *Deposits a .999 bright silver plating color with incredible reflectivity.*
- *Plating can be applied in both high and low thickness.*
- *Bright Silver .999 has a longer lasting resistance to tarnish than .925 sterling silver because there is no copper or other alloys which tarnish quickly.*
- *Simple ready to use formula with detailed plating instruction.*
- *Available in ready to use or large plating bath formula's*

*Technology Without Limits Inc. has created this new Bright Silver .999 plating product to meet the growing need for high quality, low cost alternative bright white plating finishes.*

*\*Ask about our distributor pricing for TWL plating products*
